## DETAILS

The SA5000 inkjet printer and imager is designed to meet the demands of frequent mailers focused on productivity and performance. Print directly onto your mailpiece or envelope and reduce preparation time and postage costs. Adding unique messages and spot color will help to get your mail opened and read! With the printer handling a wide range of media, you can print in-house with professional results!

### 1. Media Hopper

Extended hopper holds up to 450 #10 envelopes or 1,000 postcards. Also accepts direct mail pieces and other media.

### 2. Control Panel and Printhead

Ideal for "walk up use". Simple to use controls. Easy to change out cartridges.

### 3. Adjustable To Media Thickness & Oversized Pieces

Adjust the thickness dial to accommodate your media. Open throat design handles oversized pieces.

### 4. Optional Conveyor and Dryer

The optional TC48 Conveyor and TD36 Dryer shown provide improved drying and convenient stacking of materials for high volume runs.

Personalized and professional imaging from the SA5000 helps get your mail opened and read!

*Envelope is sample only and does not indicate exact proportions and placement of items being printed.*
